Consumables and accessories

An innovative range of drinking water solutions

Matt Hemming,
Director of
Customer
Experience

What's new for Winter 2020/21?

- Enhanced hygiene range
- Contactless dispensing
- Subscriptions - guaranteed supply, convenience and savings
- Business restart packages - hygiene and social distancing
- Hygiene guaranteed throughout entire supply chain

We know these are not normal times and we're right here to provide you with the best solutions to meet your hygiene needs backed by effortless customer support.

We're always on the look out for the best products and we are proud to bring you our new consumables and accessories line.

Alongside delivering water to NHS key workers at the Nightingale, we dedicated time in the March/April lockdown improving our range to ensure you have everything you need to safely hydrate your workforce. As well as biodegradable cups, reusable bottles and disinfectants, we have introduced essential products and materials to help you make the workplace COVID-secure.

Everything we offer has been thoughtfully considered to address the current situation and thoroughly road tested. We're confident you'll like the range as much as we do. If you need help choosing the right products, give us a call, we're always happy to help.

Call us on 0333 323 2732 or email consumables@waterlogic.co.uk

Total Care service you can trust

Our team is always on hand to ensure you get the right solution for all your hydration needs.

We offer a wide range of dispenser consumables and accessories to help you enjoy great-tasting water and keep your dispenser hygienically clean and safely performing at its best.

All our products are carefully selected and competitively priced so you benefit from cost-effective, easy to use solutions that are compatible with our dispensers.

Backed by our UK-based friendly and responsive customer experience teams based in locations throughout the country, you can enjoy hassle-free ordering and prompt delivery for all your hydration needs under one roof.

Available on subscription

Our new subscription service is a cost-effective and convenient way of guaranteeing that you never run out of the products you love.

- **Guaranteed supply to your door**
- **Save time and money**
- **Cancel or change at any time**
- **Free gift with your introductory subscription**

Fast and safe contactless delivery*

Working together with DHL and FedEx, our delivery network enables us to provide national 48-hour door-to-door contactless delivery during working hours across our entire consumables range.

*Delivery fee may apply

Placing an order is easy

- 1 Find the products you need or speak to us for a recommendation
- 2 It's quick and easy to order [online](#) or you can contact us on 0333 323 2732, consumables@waterlogic.co.uk
- 3 Receive your products within 2 business days or on your next scheduled delivery

Providing greener solutions

We are proud of our green credentials and we have gone out of our way to reduce single-use plastic.

We know that 72% of workers feel there is more their employer could do to reduce single-use plastic bottles*. That's why we offer a range of eco-friendly reusable and biodegradable bottles, cones and cups so you can create a greener workplace.

Where using single-use plastic is unavoidable, we offer a cup recycling scheme to ensure waste is disposed of responsibly. Find out more on pages 17.

*Hydration in the Workplace Report 2019/20

Helping you stay safe

We realise more than ever that protecting your employees and customers from the spread of germs is paramount.

That's why we provide practical solutions to help keep your dispenser as hygienic as possible. Turn to pages 6-13 to find products specially designed to provide dispenser sanitisation, encourage social distancing, hand and respiratory hygiene.

We ensure the safe handling of our products during production through to delivery so that you can rest easy knowing we're taking every possible precaution.

Our responsibly handled products are manufactured with no human contact in a process audited for hygiene, compliant with the following certifications: ISO9001, ISO140001, OHSAS18001:2007, HACCP, BSCI; contactless delivery.

Hygiene solutions providing unrivalled purity and security

We realise more than ever that protecting your people is paramount. That's why we offer a comprehensive range of solutions that support you in providing a safe and hygienic working environment.

Your Waterlogic dispenser incorporates superior filtration, purification and antimicrobial technologies, including Firewall® and BioCote® on many models, to ensure you enjoy the safest and best quality water possible.

Benefit from added peace of mind with our easy-to-buy practical solutions including dispenser sanitisation products, personal protective equipment (PPE), hands-free solutions and point of dispense reminders to help you prevent the spread of germs in the workplace.

Savings and guaranteed supply

Now with a lock-box worth £24.99 +VAT, conveniently attached to your water dispenser to enable easy access.

Free with your introductory subscription.

Save up to
£95 per month
on your hand
sanitising costs

Contactless hand sanitisation

Introducing the most effective way to keep hands hygienically clean. More efficient than other liquid and gel dispensing stations, allowing you to save up to £95 per month on your hand sanitising costs whilst achieving more than 3,000 sanitisations per litre.

Our innovative hand sanitisation stations use the most advanced sensors to automatically detect hands for peace of mind protection with every spray. Simply place your hands in the dispensing area and a fine mist covers every part of your hand with no wastage.

Automatic hand sanitisation stations

A premium product designed for style and safety. Available in white, grey and dark grey to suit your environment, with LED base lighting so you'll never miss the opportunity to stay safe.

Add your logo

Our automatic hand wash units can be branded with your company logo to promote your message of hand hygiene in the workplace.

Hand sanitising liquid

High-quality sanitising liquid with enhanced 80% alcohol formulation offering maximum anti-bacterial protection.

Volume: 5 litres

Active ingredient: Ethanol

Quantity: 4

Dispenser sanitisation

Our Aqua Dosa sanitisation products are specifically formulated for cleaning our water dispensers.

Use regularly throughout the day as part of your hygiene regime to keep your machine germ-free and in great condition in-between scheduled services. Aqua Dosa is tough on germs but kind on surfaces, including BioCote® antimicrobial protected dispensers.

Aqua Dosa disinfectant wipes

Using the same active ingredient as the disinfectant spray, our convenient, easy-to-use wipes sanitise your dispenser in an instant.

Capacity: Tub of 150 wipes

Active ingredient: Byotrol

Quantity: 1

Food grade, fragrance-free wipes effective against viruses without the need for water, with quat-free listeria control.

Capacity: 100 wipes pouch

Active ingredient: Byotrol

Quantity: Box of 12 pouches

Aqua Dosa disinfectant spray

A powerful yet gentle and long-lasting disinfectant that continues to work for 24 hours after application. This non-hazardous, non-flammable and environmentally safe sanitising spray contains Byotrol. Byotrol kills germs and microbes, effectively tackling bacteria, fungi and viruses including H1N1 and MRSA.

Volume: 150ml

Active ingredient: Byotrol

Quantity: 6

Kills **99.99%**
of bacteria and viruses,
and protects surfaces
for 24 hours

Easy-to-use spray

No need to wipe

Leave to dry

Use every day

Hands-free dispensing

Now there's no need to touch buttons, dials or levers. Help reduce cross-contamination in the workplace with our hands-free solutions.

Their intuitive touchless functionality means there's even less opportunity for germs to spread between users. Our qualified technicians simply retro fit your existing dispenser so there's no need to replace or remove your current dispenser.

Foot pedals for freestanding dispensers

Easy to use, press and hold foot pedal to dispense cold, sparkling, ambient, hot or extra hot water. Our foot pedals fit any Waterlogic freestanding dispenser. Choice of payment options available.

Push levers for bottled water coolers

Upgrade your bottled water cooler with these hygienic push levers. Simply push your cup or bottle against the lever to dispense water. Fits our Glacier and Avalanche coolers. Subject to installation fee.

Visit [this page](#) or talk to us about our hands-free solutions today.

Social distancing stickers

As human interaction in the workplace has had to change, it's important to help people remember the responsible actions they must take to safeguard themselves and others.

These attractive and durable anti-slip vinyl stickers can be placed at the foot of your dispenser to remind users to keep a safe distance from others, fill up and move on.

Quantity: Pack of 4

Material: Anti-slip vinyl

Size: 300mm

Personal protection

To complement our range of dispenser sanitisation products we also provide a variety of products to help achieve personal protection and enable responsible dispensing and general use around the workplace.

Disposable gloves

Hygienic, disposable one size fits all single-use gloves. These strong and durable gloves provide enough protection whilst being light enough to maintain dexterity.

Quantity: 250 pairs

Material: Polythene

Size: One size

Disposable face masks

Protect yourself and others from the spread of germs with these disposable face masks that fit comfortably over your nose and mouth.

Quantity: Pack of 50

Hand sanitiser gel

Kind to your hands, our 70% alcohol-based sanitising gel is 99.99% effective against bacteria and viruses without the need for water.

Volume: 100ml

Active ingredient: Byotrol

Quantity: 6 bottles

Save money with our new subscription service and guarantee you never run out.

“Waterlogic did a great job in supplying us with hand sanitiser wipes when others couldn’t deliver during lockdown.”

Richard Bond, Food Services Manager, O2

Dispenser restart and usage guide

Wondering what to do to restart your dispenser after a period of closure and how to keep it operating hygienically? These guidelines offer you practical support to help keep your dispenser clean and safely performing at its best.

100% biodegradable, compostable cups

Waterlogic is an environmentally conscious company. That's why we offer green solutions for your hot and cold drinking needs.

Care for the planet and its most precious resource, fresh water, runs through everything we do. We are continually working to help reduce the impact of single-use plastics across our business and for our customers.

Planet cups

Our Planet cups use cutting-edge bio-plastic technology to offer an eco-friendly, reusable alternative to single-use plastic. Planet cups are lined with a resin made from corn starch which is a renewable, carbon neutral source and 100% biodegradable and compostable.

Planet cups are well insulated to keep drinks hot or cold, and sealed to prevent leaking. In fact, you can use a Planet cup many times to get the most out of your purchase and limit the excessive waste created by single-use alternatives.

Volume: 7oz

Material: PLA

Quantity: 1000

Type: Hot and cold drinks

Features:

- Biodegradable
- Compostable
- Responsibly handled

Paper cones

Reduce office clutter and get hot on hygiene with this convenient single-serve paper cone that's recyclable, naturally biodegradable and home compostable too.

In response to your needs our great value paper cones offer unparalleled sustainability and hygiene. Germs survive for shorter periods on paper compared to plastic and because of their unique shape, cones need to be disposed after every use, meaning there's less chance to spread germs in the workplace.

Volume: 4oz

Material: Paper

Quantity: 5000

Type: Cold drinks

Features:

- Biodegradable
- Home compostable
- Recyclable
- Responsibly handled
